## contemporary villas

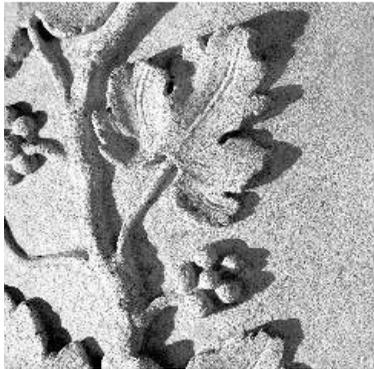

*Offering straight line modern architecture with a minimalist approach, these villas are perfect for families that are looking for calm, spacious and interactive spaces.*

The rectilinear volumes dominate the horizon with strip windows and full height glazing to maximize the inside out relation.

With an intention to create clean and neutral backgrounds, the visual palette consists of a cohesive colour scheme of natural materials and shades of grey.

## mediterranean villas

*A harmonious blend of Mediterranean style with European architecture, these villas offer a great choice for those who are looking for homes that offer complete privacy.*

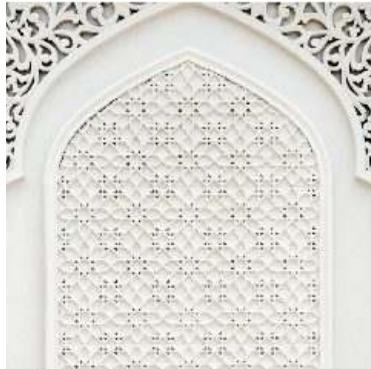

The wooden pergolas and columns embellished with Mediterranean motifs, the villas provide graceful movements between spaces and maximized views to the green backyard.

The exteriors adorn a superior and modern finish with stone wall structures.

The colour palette consists of three varieties: sea, earth and the blooming countryside.

## modern arabic villas

*Inspired by modern Arabic architectural form, these villas offer a perfect environment for people who are looking for exclusivity, pleasure and relaxation.*

A reflection of true Arabic culture and a delightful symphony of functionality and aesthetic splendour, the modern Arabic villas feature authentic nouveaux designs.

Every villa offers two entrances, one for the family members and another for guests. The family entrance takes the residents directly into private quarters bypassing the guest majlis.

The colour palette is inspired by natural surroundings represented in golden sand dunes and hues of beige from earthy tones and natural woods.
